

Join us for the All-Wales Bilberry Bumblebee Hunt! #BBBHunt

Have you seen this bee?

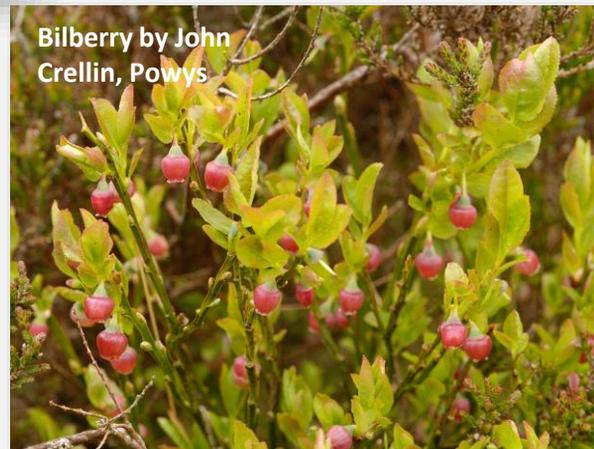

Bilberry bumblebee
by Susan Loose,
North Wales

The Bilberry bumblebee (*Bombus monticola*) is one of our most beautiful bumblebees! As its name suggests, it mostly occurs in areas where bilberry grows – often on upland heaths.

The Bilberry bumblebee is thought to be in decline and we need your help to find out how the this wonderful species is doing in Wales!

To find out more about how to spot the Bilberry bumblebee and how you can help, please go to our #BBBHunt webpage at [All Wales Bilberry Bumblebee Hunt - West Wales Biodiversity Information Centre \(wwwbic.org.uk\)](http://www.wwbic.org.uk)
